WORK EXPERIENCE

VX Real Limited **Hong Kong**
AI Research and Development Intern *June 2026 - Aug 2026*

- Benchmarked 11 open-source VLMs and OCR engines on implicit information extraction and cross-field reasoning using a self-built document-QA benchmark.
- Designed a reasoning-centric SFT+GRPO fine-tuning pipeline that improved answer accuracy by 15% on a self-made benchmark, without regressing accuracy on other tasks.
- Paper: [2609.24092] DocMIDE: Learning Multi-Hop Implicit Derivation in Visually Rich Documents

Freelance Developer **Manila, Philippines**
Software Developer *April 2024 - June 2026*

- Created end-to-end Shopify and WordPress websites for clients across retail, fashion, and academic sectors, collectively serving 800+ users monthly.
- Managed full project lifecycle independently, from client requirements gathering to deployment and post-launch support.
- Built and optimized e-commerce features including booking systems, membership programs, and promotional tools, contributing to a 60% revenue increase and 15% rise in repeat bookings for key clients.
- Applied SEO best practices, responsive design, and analytics integration, reducing bounce rate by 25% and improving organic search visibility across client storefronts.
- Tech: Liquid, Shopify, HTML, CSS, Wordpress, JavaScript, PHP

VISON Technologies **Manila, Philippines**
Programming Intern *May 2024 - Jul 2024*

- Developed a responsive website using HTML, CSS, and JavaScript.
- Assisted in the research and development of image stitching algorithms for underwater imagery.
- Applied OpenCV and Python to implement stitching techniques and enhance overall image quality.
- Collaborated with senior developers to optimize code efficiency and improve algorithm performance.

DLSU - The LaSallian **Manila, Philippines**
Web Developer *Oct 2022 - Jul 2024*

- Developed and maintained websites using HTML, CSS, JavaScript, and related web technologies.
- Collaborated with designers to implement UI/UX designs, ensuring user-friendly interface.
- Utilized Git and GitHub for version control, team collaboration, and repository management.
- Worked with 2-3 staffers to design and launch two interactive web specials:
  - De La Salle Brothers - https://brothers.thelasallian.com/
  - Special Elections 2023 - https://se2023.thelasallian.com/

PUBLICATIONS

Designing a Collection of Portable Image Enhancement for Smartphones

- 2025 31st International Conference on Mechatronics and Machine Vision in Practice (M2VIP).
- Designed a five-stage mobile pipeline converting deep learning enhancement models to ONNX, achieving under 10% SSIM degradation versus desktop baselines across three benchmark datasets.

SELECTED PROJECTS

HKGAI-V1 Intelligent Search System

- Built an LLM-driven multi-source search platform with automatic query intent classification and sub-query decomposition

- Implemented semantic search (FAISS + multilingual-e5) and BM25 reranking with deduplication and metadata preservation
- Developed a Flask-based REST API system integrating 5+ data sources, including web search, finance, weather, transport, and multimodal vision AI (OCR, image-to-text)

Distributed Fault Tolerance Online Enrollment System (C#)
- Service-oriented architecture with Authentication, Courses, Grades services on separate nodes
- JWT-based authentication, MVC view layer on dedicated node – system remains functional even if one service fails

EDUCATION

Hong Kong University of Science and Technology — **Hong Kong**
MSc in Artificial Intelligence — *Sept 2025 - Oct 2026*

De La Salle University-Manila — **Manila, Philippines**
BS in Computer Science Major in Software Technology, Cum Laude — *Oct 2021 - Aug 2025*

SKILLS

- **Programming & Web Development:** C, C++, C#, Java, Python, HTML, CSS, JavaScript, PHP, Kotlin, Liquid, SQL
- **Frameworks & Tools:** Flask, Bootstrap, WordPress, Shopify, OpenCV, ONNX, Git, GitHub
- **Cloud/Deployment:** AWS, Vercel, Render, DigitalOcean
- **Design & Productivity:** Figma, Canva, Microsoft Office, Google Suite
- **Languages:** English (Fluent), Filipino (Native), Mandarin (Elementary), Hokkien (Native)
